

Visiting Prof Interacts with Researchers

Belagavi: Dr S D Kholkute, director of Regional Medical Research Centre and a visiting professor at KLE University's Prabhakar Kore Basic Science Research Centre (BSRC), interacted with staff members, research scholars and PG students from different constituent units of the university on Tuesday.

Dr Sunil Jalalpure, deputy

director, BSRC, welcomed and introduced Dr Kholkute. Scientists, research associates and PhD scholars of the centre spoke about their research work. Dr Kholkute said research work should

have applicability for effective public health services.

He also spoke on biodiversity of medicinal plants in Western Ghats. Dr Sanjay Mishra proposed a vote of thanks. **ENS**
