

# Scientist Profile

**Name:** Dr. Sruchi Devi  
**Designation:** Assistant Professor Grade-III  
**Qualification:** M.Sc., Ph.D. (Biochemistry)  
**Specialization:** Clinical Biochemistry, Cancer Biology  
**Work Experience:**  
**Email:** drsruchidevi@kledemeduniversity.edu.in

## Research Focus:

My research focuses on cancer biology and natural product pharmacology, particularly the evaluation of herbal plant extracts for their anticancer potential using cancer cell lines. I am interested in studying their cytotoxic and apoptosis-inducing effects, underlying molecular mechanisms, and their potential as safer, cost-effective therapeutic alternatives.

**Publications :** 9

**Book Chapters:** 3
